

IN MY SHOES, INC
THE EDUCATION CENTER
Serving, Supporting and Educating Parents on Education

Why we need a CARGO VAN...

Over the last several years, In My Shoes, Inc – The Education Center has been looking for a place in which to operate its services. Although this is still our goal, we continue to be mobile – operating education forums and meetings out of libraries and churches, in addition to being invited to schools to service parents.

Consequentially, we have accumulated a lot of equipment and materials that need to be transported and a car won't do. We need a Cargo Van.

Please support our efforts by donating to In My Shoes, The Education Center. Our mission at In My Shoes, The Education Center is to make sure every child has access to and receives a quality education.

**Sincerely,
Phyllis Austin,
Founder and Director
